Mariposa County Unified School District Citizens' Bond Oversight Committee Annual Report – 2018

July 1, 2017 - June 30, 2018

Pursuant to Bylaws for Measure L Adopted by the Board of Trustees of the District on January 12, 2017 this document shall serve as the Annual Report from this Committee. This report covers 2017-2018 fiscal year.

History:

The Mariposa County Unified School District (the "District") was successful at the election conducted on November 8, 2016 (the "Bond Election") in obtaining authorization from the District's voters to issue up to \$24 million aggregate principal amount of the District's general obligation bonds ("Measure L"). The election was conducted under Proposition 39, chaptered as the Strict Accountability in Local School Construction Bonds Act of 2000, at Section 15264 et seq. of the Education Code of the State ("Proposition 39"). Pursuant to Section 15278 of the Education Code, the District is now obligated to establish this Citizens' Bond Oversight Committee (the "Committee") in order to satisfy the accountability requirements of Proposition 39. The Board of Trustees of the Mariposa County Unified School District (the "Board") hereby establishes the Committee, to be known as the "Citizens' Bond Oversight Committee for Measure L," which shall have the duties and rights set forth in these Bylaws.

The Committee shall consist of at least seven (7) members appointed by the Board upon the recommendation of the Superintendent from a list of candidates submitting written applications, and based on criteria established by Proposition 39, to wit: One (1) member shall be the parent or guardian of a child enrolled in the District. One (1) member shall be the parent or guardian of a child enrolled in the District and active in a parent-teacher organization, such as the P.T.A. or a school site council. One (1) member active in a business organization representing the business community located in the District. One (1) member active in a senior citizens' organization. One (1) member active in a bona-fide taxpayers association. Two (2) members of the community atlarge.

The purposes of the Committee are set forth in Proposition 39, and these Bylaws are specifically made subject to the applicable provisions of Proposition 39 as to the duties and rights of the Committee. The Committee shall be deemed to be subject to the Ralph M. Brown Public Meetings Act of the State of California, Government Code Section 54950 et seq. (the "Brown Act"), and shall conduct its meetings in accordance with the provisions thereof. The District shall provide necessary administrative support to the Committee as shall be consistent with the Committee's purposes, as set forth in Proposition 39, but without expending bond funds on such support (i.e. District personnel support).

The Committee shall confine its review of District expenditures specifically to expenditures of

bond proceeds generated under Measure L. Regular and deferred maintenance projects and all monies generated under other sources shall fall outside the scope of the Committee's review.

The Committee shall inform the public concerning the District's expenditure of bond proceeds. In fulfilling this duty, all official communications of the Committee to either the Board or the public shall come from the Chair acting on behalf of the Committee. The Chair shall only release information that reflects the consensus view of the Committee.

The Committee reviewed expenditure reports produced by the District to ensure that (a) bond proceeds were expended only for the purposes set forth in Measure L; and (b) no bond proceeds have been used for teacher or administrative salaries or other operating expenses.

The Oversight Committees' report:

1. Is the District in compliance with the requirements of Article XIIIA, Section 1(b)(3) of the California Constitution?

In Law: A requirement that the proceeds from the sale of the bonds be used only for the purposes specified in Article XIIIA, Section 1(b) (3), and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

The Committee has affirmed that the District is in compliance.

2. A summary of the Committee's proceedings and activities.

November 7, 2017: The Committee received an introduction and overview of the Measure L Bond Program and the initial planned projects per the text of voter-approved Measure L.

Mr. Bill Kadi, District Bond Counsel, presented the roles and responsibilities of the committee, the various types of members required, their qualifications, term limits, etc. He also noted that the committee is subject to Brown Act regulations. Clarification was provided that the main duty of the committee is to affirm or deny appropriate expenditures of bond funds by the District through an annual report to the public.
